

COLLEEN MICHELLE HORSTE

1ST GRADE TEACHER

Colleen Horste was raised in Milford, Michigan and attended Marian High School. She went on to attend Madonna University in Livonia and studied Elementary Education, Early Childhood Education and Consumer Science and Family Life. Ms. Horste graduated with a B.S. in Elementary Education.

Ms. Horste taught second grade during her first four years of teaching. After leaving teaching to enjoy raising her four sons, the decision was made to homeschool. Her enthusiasm for classical education was inspired while searching for the best curriculum for her children. She also became active in the homeschool culture by teaching and working in various homeschool groups.

Ms. Horste brings two years experience of teaching in Livingston Classical Academy, a Hillsdale BCSI school in Michigan. She is excited to join the founding faculty here at NOCA and contribute to the quality education that NOCA will provide through this classical curriculum.

Ms. Horste is moving from Pinckney to be closer to NOCA and is looking forward to settling into her new home and school environments. She enjoys visiting with her adult sons who are currently living in Chicago, Illinois; South Lyon, Michigan; and Poulsbo, Washington. When not gardening and working in the yard, you will find her reading, sewing, and crocheting.
