

ANA MEYERS KINDERGARTEN TEACHER

Mrs. Meyers grew up in Temperance, MI in a bilingual home because her mother was born in Spain. She earned her Bachelor's degree at Lourdes College in early childhood education and says teaching is not a job to her; it is a privilege.

Mrs. Meyers started classically homeschooling and then branched into "Classical Conversations" becoming a Teacher for four years, Director for eight years and State Manager for six years. Under her leadership, there were seven Classical Campuses opened in the Toledo and Michigan area reaching over 500 students. Furthermore, she trained both the teachers and parents in the Classical Method. The community truly felt like a family and she believes the same type of community will develop at NOCA.

Ana is thrilled to be a lower schoolteacher at NOCA! After teaching for 20 years using the Classical Method, Ana has always wanted a Classical School to emerge in the Toledo area. She is thrilled to be able to empower the kids and is excited to witness their growth academically as well as develop outstanding character traits.

Mrs. Meyers and her husband, Dave, have four children. Their oldest two children attend The University of Toledo and the youngest two will attend NOCA.

Her greatest treasure is God and she is an active volunteer at Christ the Word Church where her husband Dave serves as a deacon. She loves the accountability and the people who surround her at church. She also enjoys hosting holiday gatherings and cooking for all extended family members.

"NOCA will offer an education that will be challenging yet fun. Students will learn to think about their thinking. They will understand what they believe in so they can lead with confidence and be fully armed with the capabilities to succeed. Students will be taught to listen, ponder, and think deeply about academics through this program."
