

## MRS. JENN KUJAWA

### OFFICE STAFF

Mrs. Jenn Kujawa joins our Office Staff team focusing on Enrollment Management and Marketing. Mrs. Kujawa started at NOCA as a parent volunteer, then substitute teacher, and will now be working in our office.

Mrs. Kujawa graduated from Archbold High School and has a degree in Public and Institutional Administration from BGSU. After two years working in Higher Ed at Lourdes College and Bellarmine University, she stayed home to raise and homeschool her children. During that time, she built her photography business and began working with global fair trade artisans to sell their jewelry and bags. She is excited about the opportunity to put her degree, entrepreneurial, and marketing skills to work at NOCA.

Mrs. Kujawa and her husband, Geoff, have 3 sons and an adopted daughter from India. They have lived in Sylvania for 11 years. She enjoys traveling globally, weekends at the lake, reading, gardening and cooking in her free time.
